Game simulator software developed by ProTec Games, Inc.

Go for 4 is a casino table game that ProTec Games, Inc. developed for Zen Gaming Corp. It's an option added to the traditional video poker game – when a 3 of a kind is hit, the player has the option to use the 3 for 1 winning credits and additional 15 to 75 credits (depending on the number of credits played per hand) to bet on the next winning hand of 4 of a kind.
