## TURN-KEY PACKAGE

All game packages include Base Screen, Bonus Screen, Symbols, Animations, Bonus Simulation files, Glass Design, Sound package, Par Sheets and documentation to implement the game on your platform. ## GOLF BONUS

When 3, 4 or 5 the swing trigger symbols appear on adjacent reels on any active payline, the Golf Bonus is started. On a par 4 hole, with a maximum of six strokes, the golfer attempts to drive, approach, chip and putt his way to a successful roll into the cup. The game ends with the ball holing out or the player uses the sixth stroke unsuccessfully. The bonus award is based on the number of trigger symbols and the final outcome of the play.

## CART BONUS

When 3, 4 or 5 trigger symbols appear anywhere on consecutive reels the Cart Bonus starts.

A golfer drives a four-battery golf cart through a four-phase journey "drive, approach, chip, and putt" to the hole. Each move will grant the golfer randomly assigned award. Battery exhausts along with the golfer runs out of batteries or his way to the hole.

A high-reward Super Trophy Wheel Bonus is granted to all accomplished golfers.

## FREE SPIN FEATURE

When 3, 4 or 5 Wedge Trigger Symbols appear on adjacent reels on any active payline, the free spin feature is started. A random bonus is awarded and all of the trigger symbols turn into free spin amounts of 2, 3 or 4 free spins. The sum of these numbers is the total number of free games awarded.

Bonus games and the free spin feature are not available during the free spin.
